Subject: RE: MEDIA INQUIRY: Firearms on USPS property

Hi John,

Thank you for reaching out with your inquiry. In an effort to get you a response today, I am sending it on behalf of Xavier. Further questions can be sent to him as he covers NY. Please find the USPS statement below and have a great evening.

USPS Statement:

The Postal Service is aware of the recent decision by the U.S. District Court for the Northern District of Texas regarding the ban on firearms possession on postal property, which enjoins enforcement of the ban at certain Post Offices, and the surrounding Post Office property, with respect to certain postal customers. The Postal Service is currently analyzing the court's decision and taking necessary steps to implement the injunction.

Sr, Public Relations
Representative

Felicia Lott
